Instructions

Log in

Log into your myFIU portal (my.fiu.edu). On the homepage select the Academic Advising tile. Then select the My Major tile. Finally click on Panther Degree Pathway Link.

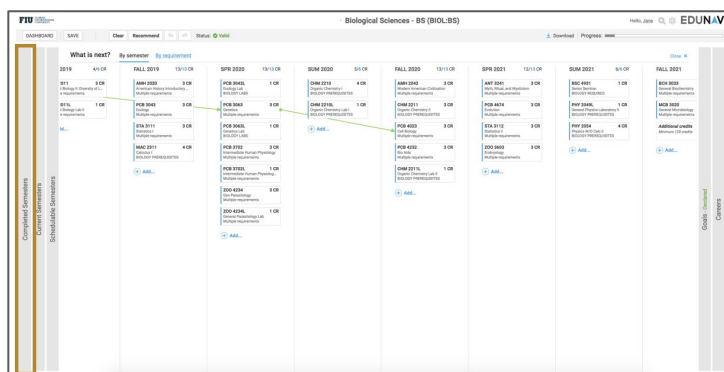

View academic history

In Panther Degree Pathway, each term is represented chronologically in a column. Terms with completed or articulated courses will be gray. These terms can be seen to the left when you enter the system.

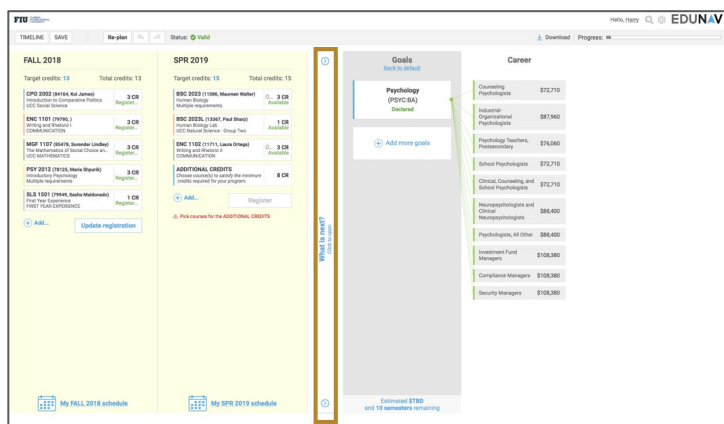

00

If academic history is collapsed, it can be seen by clicking the *Completed Semesters* bar on the left of the screen.

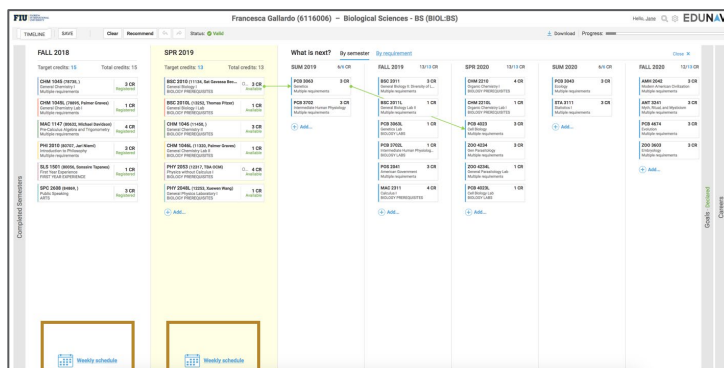

View future semesters

Upon entering Panther Degree Pathway, click on the *What's Next?* bar to the right of the yellow current schedulable terms to see all future terms all the way to your goal.

Open weekly schedule

To view the weekly schedule view for the current or schedulable term, click on the *Weekly schedule* link at the bottom of the column.

Valid / not valid functionality

Every time you make a change to your plan, Panther Degree Pathway checks to see if your plan is still *valid*. A valid plan is one that meets your graduation requirements and that you can register for.

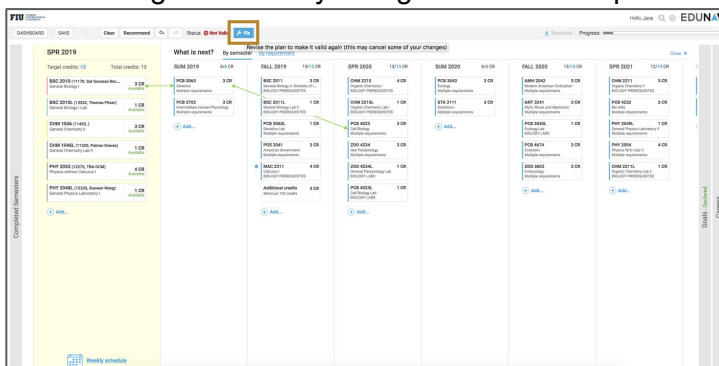

If you make a change that invalidates your plan, the status in the menu bar will change to Not Valid and a *Fix* button will appear.

If you want to undo the change, click the *Undo* button.

If you want Panther Degree Pathway to try to fix your plan, click the *Fix* button. If the system can fix it, the status will change to Valid, and Panther Degree Pathway will display a dialog box noting that it fixed your plan. If it cannot fix it, either click Undo or Recommend, which will cause Panther Degree Pathway to regenerate a valid plan.

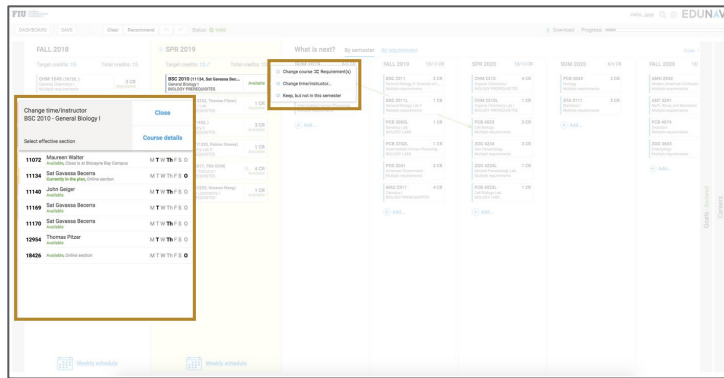

You can make multiple changes (add a class, move a class, change an instructor, etc.) at once and wait for Panther Degree Pathway to validate all your changes.

From the plan view

Hover over the course in the schedulable term you would like to change. Click *Change*, and then select *Change time/instructor*. A pop-up window will open which shows all other available options.

The number of credits scheduled and target credits planned can be seen at the top of each term. The first number listed is the number of credits currently planned. The second blue hyperlinked number is the target credits for that term.

To change the target credits, click the blue hyperlink number and type the number of credits you'd prefer to take.

The system will then check to ensure your plan is still valid. You can always check the status on the menu bar to see the current state of your plan.

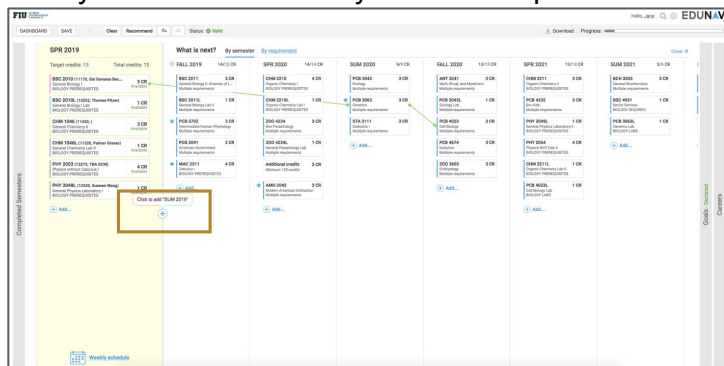

If it indicates that your plan is now not valid, simply click the blue fix button on the toolbar to have Panther Degree Pathway return you to a valid plan.
