

### Path Menu

Here you can change the path you're viewing, create a new path, or a what-if path.

### Past Courses

Go to Past Courses to view current and past enrollments as well as posted transfer credits.

### Path Actions

Go to Path Actions to schedule, verify, print, edit, copy, reset, or delete your path.

### Notifications

Go to Notifications to view warnings that need to be resolved and changes that have been made to your path.

The screenshot shows the Panther Degree Pathway interface. At the top, there's a navigation bar with a clock icon, a heart icon, and a home icon. Below the navigation bar, the 'Degree Planner' section is visible, showing 'Finance - BBA (Primary)' as the selected path. To the right of the path name is a dropdown menu. Below the path name, there's a 'Past Courses' section with a light blue background. It displays '48 All Courses' and a breakdown of '31 Pass' (green square) and '5 Repeated' (orange square). Below this, there are buttons for 'Expand / Collapse', 'Hide Empty Terms' (with a toggle switch), and '17'. To the right of these buttons are 'Preview Plan' and 'Mass Edit Max Units' buttons. Below the buttons, there's a section for 'Unplanned Requirements - 1'. This section contains a table with columns: 'REQUIREMENT', 'COURSE', 'COURSE TITLE', and 'UNITS'. The table has one row: 'Civics Test Requirement [RQ5988/LN40]' with a value of '0' in the 'UNITS' column. To the right of the table is a '+ Select Term' button and a three-dot menu icon. At the bottom of the interface, there's a 'Term Panel' showing 'Spring Term 2026' as the 'Current' term. To the right of the term name is a progress indicator showing '6/6 Courses' and a circular progress bar. Further right is a 'Units' indicator showing '18/18 Units'. To the far right of the term panel is a 'Max Units: 15' field with a pencil icon and a three-dot menu icon.

### Term Panel

Select a term card to manage courses for that term.

### Term Stats

Here you can see the progress you've made planning for a term. You can also edit the units planned for the term.

### Term Actions

Term actions allow you to view or enter notes at the term level, as well as be able to validate courses in the term, for those that have validation enabled in Application Settings.

### Requirement Block

It's a requirement card. You need to select a course for this requirement.

### Term Panel

Select a term card to manage courses for that term.

### Path Actions

Go to Path Actions to schedule, verify, print, edit, copy, reset, or delete your path.

### Notifications

Go to Notifications to view warnings that need to be resolved and changes that have been made to your path.

### Requirement Options

It's a More Options button. Here you can view notes, move, lock and remove a requirement.
