I. General Policies

To remain in good standing with Fraternity and Sorority Life (FSL), fraternal organizations must be compliant with the following:

1. Any social fraternal organization at Florida International University (FIU) must be registered with FSL and must be a member in good standing of one of the six (6) national interfraternal partner trade associations or governing councils (NALFO, NAPA, NIC, NMGC, NPC, & NPHC) to be considered eligible for local Council membership. Interest groups, must be approved by FSL, follow FSL policies/guidelines, and abide by their respective council's guidelines found in their constitutions. The governing councils recognized at FIU are:
 - a. Interfraternity Council (IFC)
 - b. Multicultural Greek Council (MGC)
 - c. National Pan-Hellenic Council (NPHC)
 - d. Panhellenic Council (CPH)
2. The purpose and activities of these recognized fraternal organizations must not conflict with the mission and regulations of Fraternity & Sorority Life, Florida International University, or with state and federal laws.
3. All chapters/colonies at FIU must follow their council constitution and bylaws, Fraternity & Sorority Life policies/procedures, the FIU Student Code of Conduct, policies set forth by the University, and their national/international policies.
4. Fraternity & Sorority Life policies as well as all the governing documents of all chapters/colonies and governing councils at FIU clearly prohibit hazing and give rationale and resources.
5. Each chapter/colony must have at least one faculty/staff advisor or one chapter advisor unless the organization's headquarters has stricter requirements or qualifications.
 - a. Faculty, staff, and chapter advisors cannot be enrolled FIU students who are also active members of the undergraduate chapter/colony.
6. All organizations must comply with the Chapter Accountability Program (CAP) by the specified dates each semester. Each chapter must provide the following to Fraternity & Sorority Life:
 - a. Letter of good standing from the inter/national organization during the spring semester via the Chapter Accountability Program.
 - b. Proof of liability insurance from the inter/national organization on an annual basis. Proof is due once a calendar year by end of spring semester.
 - c. Copy of the chapter's constitution/bylaws to be submitted at the end of each fall semester, or when amended, and a copy of the inter/national copy constitution/bylaws as amended through

- the Chapter Accountability Program.
- d. All Chapter Accountability Program submissions must be submitted by a current active member of the organization. An active member is defined as an enrolled FIU student who is listed on the chapter's official roster filed with Fraternity & Sorority Life.
 - e. All organizations must have documentation of their 501(c)(7) status filed with Fraternity & Sorority Life. This status must be active and submitted annually in the spring semester with Fraternity & Sorority Life as part of their GOLD Star Program submission.
7. Each semester, the chapter/colony will participate in all-Greek educational activities sponsored by Fraternity & Sorority Life with at a minimum attendance. Documentation of additional programming will be required and must be submitted through the Chapter Accountability Program process.
 8. Chapter Academic Requirements: All chapters/colonies are required to maintain a 2.7 semester grade point average (for fall/spring) to retain privileges on campus. Community Grade Reports will be compiled and shared during the Fall and Spring semesters with each chapter/colony president, advisor, and their headquarters.
 - a. FSL **does not** compile and report out Summer Semester grades due to the variation in enrollment numbers of chapter members and because chapters are not considered active during the summer.
 - b. Active is defined by dues collection processes of individual councils.
 9. If a chapter/colony falls below a 2.7 semester grade point average they will be placed on academic probation. Chapter headquarters will be notified of the current academic chapter status.
 - a. Chapters/colonies who are **initially** placed on academic probation will be limited to three social, philanthropic, or educational events to refocus on academic improvement.
 - b. Approved recruitment/intake events are exempt while a chapter is on academic probation.
 - c. If a chapter or colony is on academic probation for **two consecutive semesters**, failure to meet the standard GPA requirements will result in:
 1. No approval of signature events.
 2. Only being able to host two social, philanthropic, or educational events during the semester.

 4. Limited reservations approval by FSL.
 - d. When on academic probation, the chapter/colony must present and implement an academic plan and meet with their council advisor (or designee) and their respective council's scholarship or academic chair at least once a month during the probation period.
 - e. Failure to meet the standard GPA requirements for **three consecutive semesters** will result in the chapter/colony losing all event privileges until the GPA minimum is acquired.
 1. An FSL review of the chapter's standing on campus will be held in conjunction with a representative of the Chapter Headquarters to determine continued council and campus recognition.
 2. It is up to the FSL Advisor to determine the final action items and timeline for improvement to ensure recognition after three consecutive semester academic probations.
 3. Lack of communication and improvement of the chapter following this review can result in full loss of chapter recognition.
 9. All council executive board and chapter/colony presidents must have a GPA equal to or higher than a cumulative 2.7 grade point average and must be registered for at least nine credits (undergraduate) or at least six credits (graduate). Officers not meeting this standard must resign from their position.
 10. Minimum Membership Requirement: Each fraternity and sorority chapter/colony will always maintain a minimum of 10 active members on the chapter's roster.
 - a. If the chapter/colony roster falls below 10 members, the chapter/colony will immediately be placed on a probationary status for two (excluding summer) semesters.
 - i. Probationary status provides a warning for chapters that they need to conduct a healthy recruitment/intake period where they must meet the minimum number of members.
 - ii. Failure to meet in the minimum number of members can result in loss of recognition on campus.
