Examples of Service Activities that Count

#### True or False #1:

Student: I gave food to the pantry for the organization I joined this fall. **Does that count for the medallion?** 

### True or False #2:

Student: I went on a trip with aB for a mission trip.

Do these hours count and how do I document those service hours?

### True or False #3:

Student: I have been volunteering with Camillus House for two years every Friday. Do I need to have an entry for each time I volunteered?

### True or False #4:

**Student:** I fundraised money while competing in Mr. & Miss Roarthon Pageant and that took a lot of time.

### **Can I log those hours?**

### True or False #5:

**Student:** I volunteered for Move In Day with Housing on campus, and they said I would get hours for it.

### **Can I log those hours?**

# What Does NOT Qualify as a Service?

- <u>Donating</u>: Donating (cash or in-kind) is not service (for example, donating 5 cans cannot equal 1 hour of service).
- <u>Fundraising</u>: For time spent on fundraising activities to count as service, all funds and in-kind donations
  must be donated to an identifiable community need which does not benefit one's own organization or
  members. Fundraising MUST include educating and increasing awareness of the issue you are fundraising for
  (for example, raising money to buy T-shirts for a club is not service, but donating proceeds to the
  Environmental Defenders while distributing information on climate change and sustainability would be).
- **<u>Participation</u>**: Walking in a 5K or rally or attending meetings are not service activities. However, serving on the board of a nonprofit or organizing a 5K for charity would be service. Assisting in hosting events by passing out water bottles, helping with check-in, or ensuring crowd safety would also be service.
- <u>Compensation Greater than Minimum Wage</u>: Those completing service can receive a stipend, but compensation must be less than minimum wage (for example, working with AmeriCorps or City Year is service).
- <u>Preparation/Planning/Orientation Hours</u>: A high quality service project often requires orientation, planning and preparation. A reasonable number of hours of these types of activities can be counted as "service" but generally should not exceed the number of hours of actual service.

What Counts as Service?

### Qualifying: Direct, Indirect, Research, and Advocacy

#### Direct:

- Direct service is working directly for or with people who benefit from your service.
  - **Examples:** Serve food for the homeless. Tutor, mentor, or coach youth. Visit with the elderly.

#### Indirect:

- Service without being directly involved with those being served or providing service that benefits the environment or the community.
  - Examples: Create brochures, flyers, or reports for a nonprofit organization. Build low-income housing. Fundraise for a cause.

#### <u>Research:</u>

- Gathering and presenting information on areas of need research will directly benefit the community, not for the purpose
  of increasing one's own knowledge.
  - **Examples:** Work in a laboratory that tests water for environmental restoration efforts. Conduct an oral history project recording the stories of recent immigrants.

#### Advocacy:

- Advocacy is attempting to cause political or social action by working to influence the government or community leaders.
  - **Examples:** Conduct information campaigns. Lobby on behalf of a community issue. Organize a letter writing campaign to elected officials.

- **Combine all signed letters or proof of service documents into one PDF format.**
- If using GivePulse, upload a copy of your screenshot confirming the number of approved hours.
- **\*** Upload all proof hours to the application.
- ✤ Medallion Application can only be submitted during your final semester at FIU.
- Online application can be found in the Center for Leadership & Service portal on PantherConnect.

Note: Only hours attached with the application that have met all standards will be considered for this medallion.
