

What is an Advising Time Block?

This means that your advisor will meet with you in a Zoom breakout room for your advising meeting within this designated timeframe.

While you have an advising time block, we do request that you please remain in the Zoom room.

Please do not miss your assigned advising time block. Missing your time block may result in you waiting until after everyone to be advised. Failure to be in the room in a timely manner may result in you missing your opportunity to be advised on Advising Day. The Advising Meeting Room will lock for admission one hour before. **Attending the in-person orientation session is mandatory for all incoming first-year students. Failing to attend the in-person orientation for the whole day session will revoke your access to the Advising and Registration Day session.**
