- Informed that he and Vice President Espino have been meeting and want to accomplish all resolutions passed by the beginning of the fall semester. Vice President Espino will also go over the next phase for doing so later in the meeting.
- Stated that there are a lot of projects in the works including the Panther TV and the reflexology path.
- Explained that it would be beneficial to have a legislative lounge, in which the council will have the opportunity to learn more about SGA as a whole, Robert’s Rules, resolutions, and other SGA processes. Speaker Habib stated that it could be held on a Monday before the senate meeting.

**VICE PRESIDENT REPORT**

Vice President Espino…

- Explained that although he will no longer preside over every senate meeting, he will be present and will give his report as he did before.
- Informed that later today he will go over phase two of the process of accomplishing the resolutions passed.
- Stated that the reflexology path has been installed and is across from the Wolfe University Center. He also mentioned that a reflexology club will be created as well and he and Senator Chen will be taking part in it.
- Stated that the project regarding the FIU Letters will also be installed near the reflexology path and said advisors will go into more detail regarding this project.
- Informed the senate that he will meet with Felicia to go through different locations within AC1 where the pharmabox could be installed. The previous administration thought AC1 would be a good place to have the pharmabox that way it will be accessible 24/7. Any updates regarding that resolution and the placement of the pharmabox will be shared with the senate as well.

- Informed the senate that Roarsync will now be called Panther Connect, and the transition will occur by the end of this month. More information will be shared with the council as the transition begins as well.
- Reminded the council to register for at least nine credits for the upcoming fall semester and to ensure that 50% of the classes chosen are located at BBC. If any council member needs assistance regarding this, they are welcome to speak to her and/or Dr. Montgomery.

Dr. Montgomery...

- Explained that the quote given for the reflexology path was $4,000 and that they have found alternatives to secure the reflexology path. It was decided to use sandbags to make it harder for people to access the path and reinforce the fence that is currently surrounding the path. In addition, signs will be placed, indicating that the sidewalk is closed.
- Reminded the council that staff and students should have received an emailing regarding the merge of the Division of Student Affairs and the Division of Academic Affairs. The current VP for Academic Affairs, Elizabeth M. Bejar, will transition to Senior Vice President for Academic and Student Affairs. Keeping that in mind, Dr. Montgomery suggested council members give her time before setting up meetings and/or speaking to her about projects that SGA might have.

II. Resolution Assignment

Vice President Espino explained to the senate that the first phase of the process of accomplishing the resolution was to assign each resolution to the appropriate department or persons, and that almost all of the resolutions have been assigned. Now the senate can move to the second phase of this process which is to contact those departments and/or assigned person.

To help this process go more smoothly Vice President Espino created a excel sheet where each resolution will be assigned to a senator and where any updates will be added. The senators stated which resolutions they would like to work on.

Dr. Montgomery suggested adding a column to indicate which resolutions are BBC specific or U-Wide.
Ms. Adames made the suggestion of also adding a column to the table indicating a small description of each resolution.

It was decided that senators will have access to the excel sheets but will not be able to directly edit it. Instead, they will add notes and/or comments, and the Vice President, President, Speaker, or advisor will then add those edits into the excel sheet.

All senators agreed to complete the first two parts of phase two of this process by the next senate meeting. Vice President Espino explained that during “Senator’s Report” each will give updates regarding the resolutions they were assigned to.

Vice President Espino also reminded senators of open chair positions.
