Tier One: defined as Minor Offenses, which include but are not limited to improper disposal of campaign materials, actively campaigning in classroom settings, failure to follow the university posting policy

6.08

(1) Tier One penalties include:

(c) Digital/social media limitation, including de-activation or temporary removal of digital/social media for a period not to last more than one day (24 hours) from the date the email is received

Panther Connect Form: Elections Code Violation Form, SGC-MMC Elections - 2020

Ballot Candidate's Name:

Hiba Khalil

Ballot Candidate's Party Affiliation (if applicable):

Roar!

Violated Section of the Elections Code (cite legislation):

Per the SGC-MMC Statutes Section 6.08 (iii) Tier Three: defined as Disqualifying Offenses, included but not limited to failure to attend meeting session as mandated by this Elections Code, exceeding allowed campaign spending or donation limits, misrepresentation or forgery of any required election paperwork, attempted or successful fraud in the voting process, campaigning in clearly marked restricted areas during voting hours, destruction or defamation of personal/private/University property, mechanical amplification within five hundred (500) feet of voting stations, threat or use of verbal or physical abuse against any FIU student/employee/volunteer/designee/administrator, use of SGA staff/services/funds to campaign, disparaging another candidate or Party via any form of communication, having been impeached and removed from a Student Government Office less than one semester prior to the

date of the elections. Candidate Hiba Khalil wore a Political Party pin inside the SGA Senate therefore using SGA services to campaign. There are multiple eyewitnesses to this that can come before the board to testify. Due to this Hiba is not only breaking the elections code by using her position in SGA as an advantage This constitutes immediate disqualification, as it was clearly stated to be prohibited by the Elections Commissioner during the info sessions as well as in the statutes.

Elections Board Decision:

The SGA Elections Board ruled that a Tier One penalty be issued to candidate Hiba Khalil, issuing a 24-hour ban on the use of digital media for the purpose of campaigning or advancing her political platform, including campaigning on Hiba's behalf by the Roar! Political party. This includes the usage of all social media platforms, including but not limited to: Instagram, WhatsApp, Messenger, Facebook, and Twitter.

Justification:

The SGA Elections Board heard testimonies from both Hiba Khalil and Alexandra Valdes during deliberations. Hiba stated that she forgot her political party's pin was on her backpack, and that upon being asked to remove it, she cooperated in full. Alexandra's statement matched that of Hiba's, as Alexandra stated she did remove her pin once asked. Additionally, there was no physical evidence that could be presented to the Board, warranting this case testimony-based. The Board also ruled that Hiba was not actively campaigning within the Senate chambers. This decision was made based on Hiba's testimony, as she stated she left her backpack in the chambers as she left to use the restroom, demonstrating no active campaigning occurring. This decision was also paired with her statement that she forgot this pin was on her person. Tier One offenses include "improper disposal of campaign materials." Seeing as how this offense was deemed to have no malintention, the Board categorized the presence of the pin on her backpack as improper disposal of campaign materials, drawing a Tier One offense. Due to the nature of this virtual campaign season, the Board ruled a 24-hour ban on virtual campaigning, seeing as how the other two Tier One penalties (private and public censure) were deemed ineffective.

Ballot Candidate's Party Affiliation (if applicable):

Roar!

Violated Section of the Elections Code (cite legislation):

On December 24th, 2019 the ROAR! Party, Rose Ingraham, Molly Schantz, and Angel Algarin created a GoFUNDMe Campaign for their election. There are multiple things that are unlawful about this but the first one being that they made this account without having an approved political party, an approved presidential and vice presidential ticket, or an approved candidacy. Not only were applications not opened by the time the account was created but when the account received its first donation it was before applications had closed, thus the candidacy and political party could not have been approved. The second offense is that ROAR!, Rose Ingraham, Molly Shantz, and Angel Algarin, Sophone Rosier were campaigning before the official February 17th deadline opened. By posting their campaign platform on their instagra.m.bio they are inadvertently promoting and campaigning their political party. Rose Ingraha.m.& Molly Shantz by signing off on the end of the biography means that they approved the message of the link and by allowing members of their political party to post it on their instagram bios they are campaigning. Campaigning began on February 17th, 2020, and seeing as their page was created on December 24th 2020 they are violating MANY deadlines and disrespected the whole elections process. Therefore, creating an unfair and inequitable election for the Student Body. They began to campaign before the time frame allowed them to do so and many other offenses as listed below.

Date of Accused Violation:

ELECTIONS BOARD EVIDENCE:

The screenshot shows an email client interface with a red header bar. The email is titled "Questions for the FIU Board of Elections" and is from Angel Algarin (aa) to Tatiana Arevalo. The email content includes a greeting and a list of 10 questions regarding campaign procedures and rules. The questions are:

1. Can the Party President be the candidate running for President?
2. When can we start campaigning virtually, in-person, and using flyers?
3. What promotional (virtual, flyers, posters, etc.) material needs to be approved?
4. Can we use a QR code instead of a link to the elections website on promotional material?
5. Is there a procedure to follow in campaigning to organizations on campus?
6. Are there specific buildings that we are not alot to campaign in?
7. What are the rules for campaigning in housing?
8. What day will the application be open for parties?
9. Can we go to the club fair and speak to students?
10. Will there be a separate bio for both the elections instagram and the ballot, or will the bio be the same?

The email concludes with a signature: "Sincerely, Angel Algarin, MPH, Florida International University, PhD in Epidemiology Candidate".

Hello Angel,

Thank you very much for your questions! Below are the answers:

1. Yes.
2. Campaign season officially begins January 6th and you are allowed to begin campaigning on this date.
3. As far as promotional material goes, at the very bottom of this email is the set of guidelines that are permitted.
4. Yes.
5. As far as campaigning goes, you are not allowed to campaign during classes or within classrooms. You are allowed to reach out to student organizations separately. You can campaign over social media but are required to give the elections board your social media platforms of which you are campaigning on.
6. Yes. You cannot solicit within classrooms, vehicles, or within any dorm buildings.
7. You cannot campaign within on-campus housing buildings.
8. We do not have a set date on when party applications will open - still working on that.
9. If the club fair is open to everyone and is NOT under SGA then yes, you are allowed to do so.
10. They will presumably be the same, if we hear of any differences that will occur between the two bios we will let all candidates know.

Promotional Material Guidelines:
 -Any campaign material, be it digital media, fliers, postings, solicitations, and the like, may not: (1) advertise or promote alcohol consumption or drinking contests (2) demean or humiliate another candidate, party, person, group student organization, or University department (3) depict or express sexual or discriminatory messages or portrayals of individuals or groups based on race, religion, nationality, sex, sexual orientation, physical condition, disability, or mental state.

Hi Angel I apologize for the late response my phone got stolen over winter break so I just saw this now. I have to double check with the specific use of Go Fund me because a donation form would have to be filled out by every person that donates and since its online it might be difficult to report and verify. Please refer to section 6.07 (campaign finances and donations guidelines) of the elections code. Also you are not allowed to begin collecting money or making the Go Fund me prior to receiving the party application. Thank you and I will be getting back to you about the Go Fund me question soon once I meet with Michelle!

Hello! Thank you for considering donating to the Roar! Party for Campaigning for the student body election of 2020.

What is Roar!?

The Roar! Party is a non-partisan group composed of student leaders running for Student Government office to make a difference for the students at our University. This group composes of Presidential Candidate, Dominique Rose Ingraham and Vice Presidential Candidate Molly Schantz. Alongside many students running for select Senator positions, Dominique Rose and Molly plan to enhance the student experience in a multitude of ways.

Roar! Party Platform

- Involvement & Affinity
- Academic Support for 4-Year Graduation
- Campus Safety
- Communication with the Student Body

Why do we need funding?

The Roar! Party needs funding because we are trying to reach out to as many students as possible. With a campus of 56,000+ students, we want to engage and hear the voices of as many as we can. Thus, your contribution will go towards funding T-shirts for the party members, flyers for us to hand out to the student body, giveaways and food to attract students, and other campaign materials that we need to reach our target audience.

We appreciate all contributions and are very thankful for anything we receive!

Sincerely,
 Dominique Rose Ingraham, Molly Schantz, and The Roar! Party

Violated Section of the Elections Code (cite legislation):
 The second offense is that ROAR!, Rose Ingraham, Molly Shantz, and Angel Algarin, Sophone Rosier were campaigning before the official February 17th deadline opened. Date of Accused Violation:
 December 24th, 2019

Decision:
 The SGA Elections Board ruled that the case against Sophoine Rosier be dismissed in its entirety.

Justification:

The SGA Elections Board heard testimony from Sophoine, who was able to submit physical evidence that she did not receive the gofundme link before February 28th, 2020. She also stated that she did not campaign inappropriately, demonstrating her engagement with the Elections Board in regard to material approval throughout the campaigning season. Additionally, both Alexandra Valdez and Brian Gomez were interviewed, both of which were unable to submit proof that this link was placed in Sophoine's Instagram bio before approved campaigning dates. Thus, due to a lack of evidence that Sophoine campaigned early, this case was dismissed.

The Elections Board Decision:

The SGA Elections Board ruled that a Tier Two penalty be issued to candidate Ha Le, also known as Jourdan, issuing a 48-hour ban on the use of digital media for the purpose of campaigning or advancing her political platform, including campaigning on Ha Le's behalf by the Roar! Political party. This includes the usage of all social media platforms, including but not limited to: Instagram, WhatsApp, Messenger, Facebook, and Twitter. This ban is to be implemented during the two days of elections, starting at 12:00 am est on Tuesday, April 7th, until 11:59 pm est on Wednesday, April 8th. Additionally, the SGA Elections Board ruled that a Tier One penalty be issued to the Roar! Political party, issuing a 24-hour ban on the use of digital media for the purpose of campaigning or advancing the political party of Roar! This includes any use of the party name Roar! In digital media, including but not limited to: Instagram, WhatsApp, Messenger, Facebook, and Twitter. This ban is to be implemented starting at 12:00 am on Sunday, April 5th, until 12:00 am on Monday, April 6th.

Justification:

The SGA Elections Board heard the testimony of Ha Le, also known as Jourdan, who clarified that she was not a member of the Pi Sigma Alpha (PSA) party. She detailed how she reached out to this organization during her candidacy on behalf of both herself and as a member of the Roar! Political party. Before the university transitioned to remote learning due to the COVID-19 pandemic, Jourdan met with the President and Vice President of PSA in-person. Eventually, PSA invited Jourdan to come to one of their organization meetings for the purpose of discussing SGA elections. Due to the pandemic, however, this event did not take place, and was instead transitioned to an online format through Zoom. Jourdan planned on attending this event in order to present information on the upcoming elections. Jourdan did state that she was aware of the elections code regulation requiring candidates to report to the Elections Board of campaign events, as stated in Section 6.08: Violations, A) (ii). However, she also stated she felt this involvement was not a campaign event, as her relationship with PSA was claimed to be nonpartisan and this event was designed to be nonpartisan. Jourdan also stated that she did not make the Instagram post, the PSA President created the flier and tagged both Jourdan and the Roar! Political party. After this testimony, the Elections Board decided that in order for an event to be nonpartisan, all political parties would have to be represented. However, seeing as how this event was in regard to SGA Elections, the Board also clarified that no political candidate should be representing SGA Elections, seeing as how there is an Elections Board. Additionally, Jourdan is not currently a member of SGA, rendering her ineligible to represent the entirety of SGA Elections in a nonpartisan manner. When this post was discovered by the Elections Board, Jourdan was made aware through email that this post was in violation of the Elections Code. Her response was argumentative, stating her opinion on why she felt the post was not in violation of the code. The Elections Board also heard the testimony of PSA President Casey Amaya, who verified Jourdan's testimony. Casey was also able to provide physical evidence of conversations she had with Jourdan. In these screenshots, the first message sent by Jourdan to Casey ended with the statement, "[...] so we can chat about how SGA can help PSA expand in scope and meaning." While Jourdan did mention earlier in this message that she was a SIPA Senator candidate, the Elections Board decided that the rhetoric of her messages alluded to Jourdan being involved in SGA, which, as mentioned earlier, she is not. Additionally, when Casey was asked if she was under the impression that Jourdan was an official SGA member, Casey responded yes. This led to the Elections Board questioning Jourdan's intentions with this meeting, as it was deemed, she had no qualifications to deliver a verbal information session about SGA elections. However, Casey did state in her testimony that PSA is a nonpartisan organization unable to endorse candidates. Additionally, Casey did provide evidence of Jourdan asking for the post to be archived once it was brought to her attention. Despite this, Jourdan did violate the Elections Code by failing to inform the Elections Board about this event, along with violating social media requirements, as Jourdan reposted PSA's post without permission from the Board. The Elections Code clearly stated that a Tier Two penalty includes failure to report a campaign event along with posting policy violations, warranting this case a Tier Two offense. The Board decided to thus implement

a 48-hour ban on digital media usage for campaigning. Additionally, seeing as how Jourdan stated she was aware of campaign event regulations and posting policy violations, and violated both, the Elections Board felt the 2 days of elections would be when the ban would take effect in order to have the most effect. Finally, the Roar! Political Party also reposted this event on their social media without permission from the Board. Angel was brought in to testify and stated that while the Roar! Political Party leadership was aware of the in-person event that was unable to happen, he was not aware of this virtual event, nor did he repost the picture. He stated that most likely Molly Schantz reposted the flier. The Elections Board felt it irrelevant who within the Roar! Political Party reposted the picture, as it was never approved by the Board. This is a direct Tier I offense, as this was a failure to follow the university posting policy. Thus, the Elections Board issued a 24-hour ban on digital media usage for campaigning. Seeing as how this was a smaller violation, the Board ruled this ban would begin at 12:00 am on Sunday, April 5th, until 12:00 am on Monday, April 6th.

Panther Connect Form: Elections Code Violation Form, SGC-MMC Elections - 2020

Ballot Candidate's Party Affiliation (if applicable):

Roar! Party

Violated Section of the Elections Code (cite legislation):

Jourdan Lee currently serves as the Vice President of FIU Pi Sigma Alpha- Tau Rho. Pi Sigma Alpha- Tau Rho is the National Political Science Honor Society at FIU. On March 31st, Pi Sigma Alpha posted a flyer promoting their next event: an SGA ONLINE VOTING INFO SESSION. 1. While they described the event as "non partisan" they only tagged Jourdan Lee and the ROAR! Party and never informed any other candidates or political party. 2. They offered POINTS to the people who would attend this. 3. Every single student in Pi Sigma Alpha is a SIPA student meaning that they are all eligible to vote for SIPA senators. You cannot claim to be non partisan if you only tag one candidate and one political party and fail to inform the elections board and the opposing political party. Additionally, there is a reason info sessions are held by the Elections Board to prevent this from happening. Additionally, there was no link to the elections board with this post and broke multiple elections board procedures. Political Party ROAR! Reposted this on their instagram. According to the Elections Code, Section 6.03 campaigning is defined "as the marketing of a person, idea, or group through promotional material, be it tangibly or online, or through word of mouth, that encourages students to vote for that person, idea, candidate, political party or group." This is a violation Section 6.02 (b) The Elections Board shall regulate all social media and other online outlets chosen by candidates (c) The Elections Board shall have the right to oversee all candidate events, including but not limited to, tabling, fundraising and other programming (d) The Board will be required to ensure that every candidate's individual flyer includes a link to the elections website (e) All campus location

reservations shall be done through the Elections Board. All requests must be submitted no less than 5 business days before the event in question Section 6.08 At the discretion of the Elections Board's finding, candidates are responsible for the actions of any Political Party to which they are affiliated. In turn, Political Parties are responsible for the actions of those candidates for which they campaign and/or represent on the ballot (i) A Political Party may be penalized for any and all violations for which a candidate is accountable. The Elections Board may follow the same tier system for any subsequent penalties levied against a Party SGC MMC Statues Article 3, Sections 1 & 2 Section 3 Rights A. Students shall have the right to: 1. Vote for elected officials. 2. Apply for and run for office. Students have the right to a fair and equitable election, breaking and abusing the elections code denies a student their right. This is a violation.

Summary of the Violation:

Due to the nature of these violations to the Elections Code, constitution, and judicial ruling, I ask that the court decide to disqualify candidate Jordan Lee and the ROAR! Party & ROAR! Party Leadership for the continuous breaking of the elections code, for disrespecting and tainting the elections process and putting in jeopardy all the work SGA has put in to have a fair and equitable election. Every candidate and political party has agreed to act in accordance with the Elections Code and not being aware of the rule is not a defense.

Tatiana - Tier 3 because we'll get a lot of appeals for tier 2. The evidence provided clearly states the gofundme was created on December 24th and that it defied the election code: Party Disbandment

Rachel - Tier 3 because Tati sent an email saying that they couldn't create a gofundme but they did it anyhow. Campaign limitations for 96 hours

Katerina - Tier 3 based on evidence against the accused party proving a larger offense and taking into account the rest of the counts against the Roar! Party during deliberations

Paul - Tier 2 because even if Roar! completely went against the elections commissioner and made the gofundme it was still just a violation of the campaign timeline. However, bc tier 2 is limited to 48 hours he thinks a tier 3 is necessary.

Teyona- Tier 2 because the elections code specifically mentions punishments for campaigning/early campaigning violations under the Tier 2 violations and reprimands.

Brian- Tier 3 because of the election board's previous rulings for this party already; doesn't believe 48 hours is enough time for ban. Ban on campaigning

Geyris- Tier 3 because she wants to have campaigning limited for the rest of the time in the election. And she believes that the next offense would grant for party disbandment

We will be voting on ROAR! Are not allowed to campaign for Monday midnight till wednesday midnight and it being classified as a tier 3 event , inactive instagram, cannot be tagged in Roar! Content, and if the party is in their candidates bio it must be removed

Elections Board Decision:

The SGA Elections Board ruled that a Tier Three penalty be issued to the Roar! Party issuing a campaigning ban from Monday, April 6, 2020 12:00 am until Wednesday, April 8, 2020 at 11:59 pm. This includes the usage of all social media platforms, including but not limited to: Instagram, WhatsApp, Messenger, Facebook, and Twitter. Additionally, the SGA Elections Board ruled against the use of digital media for the purpose of campaigning or advancing the political party of Roar! This includes any use of the party name Roar! In digital media, including but not limited to: Instagram, WhatsApp, Messenger, Facebook, and Twitter including but not limited to Roar! party affiliates, members, and other organizations. This includes direct messaging that includes the word Roar!

Justification:

The SGA Elections Board heard testimonies from Dominique Rose Ingraham, Angel Algarin, Bryan Gomez, Alexandra Valdes, and Molly Schantz during deliberations. In Dominique Ingraham's statement she stated that she initially did make the Roar! gofundme account on December 24, 2019 to test out the logistics of the fundraising website. When asked she provided evidence of the first donation that the Roar! Party gofundme received. In creating the Roar! Party gofundme account and also in receiving the first donation Dominique failed to notify the Elections Board of either development. Molly Schantz was also subpoenaed for her testimony, of which she did verify Dominique Rose's testimony and timeline of creation. However, Molly was not as involved with the creation as Dominique Rose. Campaign manager, Angel Algarin was asked if he was aware of the date that the Roar! Gofundme was created and his statement clarified that while he was aware of when the Gofundme was created, he was not actively involved, nor was he aware of any posting of the Gofundme in the Roar! Party's Instagram bio. He stated that his job as the campaign manager has nothing to do with posting on social media and that his position consists mostly of answering emails and corresponding with the Elections Board through email. Alexandra Valdes gave her statement as well, in it she submitted evidence to the Elections Board which consisted of (1) screenshot of the date that the Roar! Party Gofundme was created on December 24, 2019. Bryan Gomez submitted the same screenshot when presenting his evidence and quoted specific legislation from the Elections Code that he felt supported his claim for the reprimand he saw fit for the Roar! Party. The leadership of the Roar! Party created the Gofundme account and by definition of Section 6.03: Definitions, A) (ii) started campaigning early i.e. before the Elections Board had received the respective and complete application of the Roar! Party. The applications were not open until after January 6, 2020 and so therefore the

Elections Board could not have received the Roar! Party's application before the Gofundme account was created on December 24, 2019. The Roar! Party also failed to alert the Elections Board about the creation of the Gofundme account which was a direct violation of Section 6.06: Campaign and Elections Guidelines, e) Social and Digital Media. The Roar! Party also deliberately went against the counsel of the Election Board. The Election Board presented evidence that contained the Elections Commissioner, Tatiana Arevelo, corresponding with Roar! Campaign Manager, Angel Algarin on January 3, 2020 where she informed him that she would contact the Election Board Advisor, Michelle Castro, to see if the use of Gofundme during campaigning was allowed. Additionally, Tatiana explicitly stated that no Gofundme could be used OR created. The Roar! Gofundme account had already been made on December 24, 2019, and was not taken down after receiving explicit information that this account was in violation of the Elections Code. It is because of these multiple offenses that the Election Board decided on a Tier Three Penalty. The creation of the Gofundme violated campaigning regulations, and the Board ruled that Roar! leadership acted against the direct instructions of the Elections Commissioner. Although this is not the first offense of the Roar! Party, the Elections Board decided against dismantling the Party seeing as how party members weren't aware that Party leadership created the Roar! Gofundme early without the permission of the Elections Board. Thus, the Board ruled it unfair to disband the entire party. The Elections Board instead decided to place a 72-hour ban on digital media usage for campaigning on the Roar! Political party, as it was decided to render the most effect, seeing as how this party held an unfair campaigning advantage. Seeing as how this offense was committed by Roar! Party leadership, the Board will allow all candidates to campaign individually, excluding the promotion of, campaigning for, or association with, the Roar! Party, including by outside actors, such as being tagged in a campaign post.
