Whereas, According to SGAC§9.01.3 “Bureaus shall be student organizations whom have their creation, purpose, structure, and constitution approved by the Student Government Association. Bureaus shall be the student organizations created for the express purpose of serving specific areas of student concern such as race, religion, ethnicity, sexual orientation, culture, affinity, social group, or other purpose as approved by the Student Government Association for the University Community as a whole”

Whereas, The Medical Student Council is a Student Organization that serves the Student Body as a whole for the specific purpose of serving as the official representative of the FIU HWCOM student body to the college’s administration, faculty, and staff regarding all matters pertaining to the enrolled students

Whereas, The Medical Student Council has submitted all documents necessary and proper for their formation as a Bureau in the Student Government Association

Whereas, The Medical Student Council serves the Student Body in this capacity currently and has demonstrated an exceptional commitment to the Student Body of Florida International University and Student leadership

Whereas, The Student Government Association and the Student Body as a whole gain an extreme benefit from this organization and its continued existence

Whereas, The organization has submitted documentation detailing their intent to join the Student Government Association as a Bureau

Now Therefore, The Senate of the Student Body does hereby recognize the Medical Student Council as a unit of the Student Government Association and does hereby confer the status of Bureau to the Medical Student Council from this point forward.
