S.R. 01 002

On-campus Beautification Act

IN THE SENATE

MARCH 8TH, 2021

Senator Cristhofer Lugo, Senator Ashley Nuñez, Senator James Magee, Senator Rafael Vazquez, Senator Amanda Ramirez, and Senator Nicholas Pastrana introduced the following Resolution which was presented on the Senate Floor

A Resolution

To promote the beautification of Florida International University's Modesto Maidique Campus, Biscayne Bay Campus and the Engineering Center.

Be it enacted by the Senate of the Student Body at Florida International University assembled,

Cristhofer Lugo

Ashley Nuñez

Rafael Vazquez

James Magee

Amanda Ramirez

Nicholas Pastrana

Whereas, as an International University that provides services to a broad spectrum of people around the globe, we must embody the qualities and attributes of our beautiful country;

Whereas Modesto A. Maidique Campus is the largest campus of FIU and provides most of the necessary resources, classes, and housing for the student body;

Whereas each student, whether international or local, spends thousands of dollars not only for a World's Ahead Education, but also a beautiful campus where they can spend their time while being at FIU;

Whereas Modesto A. Maidique Campus, Biscayne Bay Campus and the Engineering Center resources are in need of upgrades and renovations to better facilitate our students while on the campus.

Now Therefore, The Senate of the Student Body Resolves that Florida International University, beautify its campuses by replacing the dilapidated green swinging chairs into more modern and durable version, increase the number of garbage containers and recycling containers in high-trafficked areas, provide power outlets in outdoor study spaces, provide outdoor sanitizing stations for benches and chairs, provide hammocks in appropriate places around campus, and improve any outdoor/indoor spaces that need to be fixed. FIU SGA supports the beautification of Florida International University and sees it fit that these changes be made official by this Resolution.
