S.R. 01 003

Kognito Resolution

IN THE SENATE

MARCH 1ST, 2021

Senate President Pro Tempore Bryan Gomez, Secretary of Health and Wellbeing Maria Karla Lopez, Business Senator Nicholas Pastrana, Chief of Staff Samantha Suarez Burgos introduced the following Resolution which was presented on the Senate Floor

A Resolution

In favor of compelling all incoming and returning FIU students to complete the new Kognito modules

Be it enacted by the Senate of the Student Body at Florida International University assembled,

Bryan Gomez

Maria Karla Lopez

Nicholas Pastrana

Samantha Burgos

Whereas, the Florida Board of Governors has mandated that all State University System faculty and staff complete three new Kognito modules beginning January 2021;

Whereas, the three mandated faculty Kognito modules include At-Risk for Faculty & Staff, Veterans on Campus for Faculty & Staff, and LGBTQ on Campus for Faculty & Staff;

Whereas, currently a student version of these Kognito modules exists only for the At-Risk and LGBTQ on Campus modules;

Whereas, completion of Kognito modules provide students with a certification in that specific area;

Whereas, the widespread implementation of these modules would increase awareness of the mental health and safety resources available to students on campus;

Whereas, incoming freshmen and transfer students are required to complete the FIU Sexual Assault Prevention Training as part of the new student orientation program;

Whereas, the At-Risk for Students modules takes an estimated 34 minutes to complete;

Whereas, the LGBTQ on Campus for Students module takes an estimated 20 minutes to complete;

Now Therefore, The Senate of the Student Body Resolves that it is in favor of advertising and strongly recommending the completion of the two new Kognito modules, At-Risk for Students and LGBTQ on Campus for Students, by all incoming and returning FIU students;

Furthermore, The Senate of the Student Body Resolves that it strongly recommends the advertisement and completion of the Veterans on Campus Kognito module should a student version be created;

Senate Resolution Transmission Form

This Resolution is presented by the Senate of the Student Body at Florida International University presiding in its first session in the year 2021. It is presented by the Senate President Pro-Tempore and affixed with the signature of the Senate President. Both the Senate President and the Senate President Pro-Tempore affirm that the information presented below is accurate and that the bill has successfully passed in the Senate of the Student Body. The Resolution is presented on this day and this hour and in this place for signature or veto.
